Labels (Song 2) Processing Questions

- The artist says, "A label can be good or bad, it just depends, If it comes from society or real friends." What labels are the most difficult for you to deal with: labels from society or from your friends? Why?
- What do you think the artist means by the words, "And we don't want to step out the comfort zone, But it's not comfort when my pain is what your comfort is on?"
- After listening to the song and looking at the lyrics, what line seems to stick in your head the most?
