

Lift The Weight (Song 1)

Stack it on, how much more can you take
Before you bend? Before you break?
Some know all that you can do
And you will learn the choice can only come from you

How long will it take for you to be the one
To lift and bear the weight of all the things to come?
Of all that is to come?

Stack it on, the weight is what I need
To have the strength to believe
In the dreams and all that I'm going to be
And I know the choice can only come from me

How long will it take for you to be the one
To lift and bear the weight of all the things to come?
Of all that is to come? . . .
